

Thieves Foaming Hand Soap

Thieves Essential Oil has a centuries old

legend. In the 15th century, grave robbers wore a special combination of clove, cinnamon, rosemary, and lemon. They believed that wearing these oils would provide protection while stealing valuables from the dead. When captured, French authorities recognized the value of the mixture that the thieves received a more lesser punishment on condition that they divulge their secret formula to the king.

The modern formula of Thieves Essential Oil has the addition of eucalyptus radiata.

Thieves Essential oil is used for many purposes including boosting immunity and killing germs.

This foaming hand soap is made from castile soap, Thieves oil, and vitamin E.

Soap may settle to bottom - shake gently to mix
